

## Beth Torah's New Kitchen!

Beth Torah is committed to ensuring that our members are able to host their families' important simchas in a venue that is elegant, welcoming and cost effective. We have made some exciting and necessary changes to our catering kitchen and arrangements. While in the past we have maintained one exclusive caterer onsite at the shul, Levy's Catering, in the future members will be able to choose between a number of caterers that will have non-exclusive contracts with Beth Torah. We are very pleased to note that Levy's Caterers will continue to be one of the caterers available to members who hold their simchas at Beth Torah. Other caterers will be announced in the near future.

As part of this transition, the catering kitchen is being completely renovated into an efficient warming kitchen suitable for serving multiple kosher caterers out of one kitchen. We anticipate that the renovations will be complete by the beginning of February 2012. To ensure a smooth transition for our members and their simchas, we have engaged the services of Gorman McIlveen Associates to manage the renovation and upcoming events at Beth Torah.
